

# SAIFUL ISLAM AUNY

Fullstack Developer

📞 01533-580966 ✉️ [saifulislamauny@gmail.com](mailto:saifulislamauny@gmail.com)  [LinkedIn](#)  [Github](#)  [Portfolio](#)

## PROFILE

---

A passionate and detail-oriented Full Stack Developer with expertise in Python, Django, and REST API integration. Skilled in crafting seamless front-end experiences using HTML, CSS, and JavaScript, combined with robust back-end functionality. Known for delivering scalable solutions and contributing to dynamic team environments. Enthusiastic about problem-solving and constantly enhancing technical skills to keep up with evolving industry trends. Committed to building impactful applications that make a difference. My goal is to lead innovative software projects that drive technological advancement.

## SKILLS

---

### Technical Skills:

**Expertise:** Python | C++ | JavaScript | Django | REST Framework | PostgreSQL | Problem Solving ([LeetCode](#), [Codeforces](#))

**Comfortable:** HTML | CSS | Tailwind CSS | DRF | MySQL

**Familiar:** Bootstrap | DaisyUI | SQLite | OOP | Data Structures

**Tools:** Git | GitHub | VS Code | Postman

**Interpersonal Skills:** Active Listening | Quick Learning | Teamwork | Responsibility | Flexibility | Adaptability | Critical Analysis

## PROJECTS

---

**FooDoni** | [Live](#) | [Back-end Code](#) | [Front-end Code](#)

- Developed a dynamic restaurant management platform with features for menu handling and order processing.
- Implemented secure JWT-based authentication with role-based access control.
- Enabled advanced product management, including search and filtering functionality.
- Created a responsive and visually engaging user interface using Tailwind CSS and JavaScript.

**Technologies:** Python, Django, REST API, Tailwind CSS, JavaScript, PostgreSQL

**Funny Bunny** | [Live](#) | [GitHub](#)

- Developed an engaging meme-sharing platform enabling users to upload, like, and comment on memes.
- Implemented secure authentication and personalized user profiles to enhance the user experience.
- Optimized performance using Python and Django, ensuring a responsive, user-friendly interface across desktop and mobile devices.

**Technologies:** Python, Django, HTML, CSS, JavaScript, SQLite

## EDUCATION

---

**North Western University**

*Bachelor of Science in Computer Science and Engineering*

**Jan. 2021 – 2024**

*Khulna, Bangladesh*

## CERTIFICATIONS

---

**CSE Fundamentals with Phitron** | [Certificate Link](#)

*Jan. 2023*

- Gained proficiency in core computer science concepts, including algorithms, data structures, and problem-solving techniques.

## EXTRA CURRICULAR ACTIVITIES

---

- Adept at problem-solving, engaging in coding challenges, Datathons, and tech workshops. [\[Link\]](#)
- Skilled in graphic designing, creating visual content for various projects and events. [\[Link\]](#)

## HOBBIES AND INTERESTS

---

**Interest Areas:** Software development | Web technologies | Machine Learning | Artificial Intelligence

**Hobbies:** Problem solving | Graphic designing | Invention creation | Exploring technologies | Watching movies | Traveling

**Notable Achievements:** Achieved strong placements in problem-solving competitions and Datathons | Published a paper on sentiment analysis in Bangla language using machine learning

## LANGUAGES

---

**Bangla:** Native

**English:** Fluent

**Hindi:** Proficient
